### **CHAPTER TWO: SHARE CAPITAL**

#### **5. SHARE CAPITAL AND SHARES**

The share capital of the company amounts to one million, three hundred six thousand, nine hundred thirty-nine euro fifty-two cent (€1,306,939.52), represented by twelve million, six hundred eleven thousand, nine hundred (12,611,900) fully paid-up shares, without nominal value, each representing an equal part of the share capital. The share capital has been fully and unconditionally subscribed for and is fully paid-up.

#### **6. ISSUE PREMIUMS**

All issue premiums booked will be accounted for on the liabilities side of the company's balance sheet as net equity. The account on which the issue premiums are booked shall, like the share capital, serve as the guarantee for third parties and, save for the possibility of capitalisation of these reserves, can only be reduced on the basis of a valid resolution of the general shareholders' meeting, passed in the manner required for an amendment to the company's articles of association.

#### **7. PREFERENTIAL SUBSCRIPTION RIGHT**

With each increase of the share capital, the new shares which are to be subscribed for in cash must first be offered to the existing shareholders in proportion to the part of the share capital represented by their shares in accordance with the applicable legal provisions.

The preferential subscription right can be restricted or cancelled, in the interest of the company, by the general shareholders' meeting in accordance with the relevant legal provisions. In case

the authorisation is granted to increase the share capital within the framework of the authorised capital, the board of directors can also be authorised to restrict or cancel the preferential subscription right, in the interest of the company, in favour of one or more specific persons other than the members of the personnel of the company or of its subsidiaries.

The board of directors can decide that preferential subscription rights that were not or were only partially exercised by shareholders shall accrue proportionally to the other shareholders who have already exercised their subscription rights, and shall fix the practical terms for such subscription. The board of directors may also conclude, upon such terms as it shall determine, all agreements intended to ensure the subscription of part or all of the new shares to be issued.

## **8. AUTHORISED CAPITAL**

The board of directors is authorised to increase the share capital of the company on one or several occasions by a maximum aggregate amount of one million, three hundred six thousand, nine hundred thirty-nine euro fifty-two cent (€1,306,939.52).

The board of directors may increase the share capital by contributions in cash or in kind, by capitalisation of reserves, whether available or unavailable for distribution, and capitalisation of issue premiums, with or without the issuance of new shares, with or without voting rights, that will have the rights as will be determined by the board of directors. The board of directors is also authorised to use this authorisation for the issuance of convertible bonds or warrants, bonds with warrants or other securities.

This authorisation is valid for a period of five years as from the date of publication in the Annexes to the Belgian Official Gazette of an extract of the minutes of the extraordinary general shareholders' meeting of the company held on 18 January 2019.

In the event of a capital increase decided by the board of directors within the framework of the authorised capital, all issue premiums booked, if any, will be accounted for in accordance with the provisions of these articles of association.

The board of directors is authorised, when exercising its powers within the framework of the authorised capital, to restrict or cancel, in the interest of the company, the preferential subscription rights of the shareholders. This restriction or cancellation of the preferential subscription rights can also be done in favour of members of the personnel of the company or of its subsidiaries, or in favour of one or more persons other than members of the personnel of the company or of its subsidiaries.

The board of directors is authorised, with the right of substitution, to amend the articles of association, after each capital increase that has occurred within the framework of the authorised capital, in order to bring them in conformity with the new situation of the share capital and the shares.

## **9. CALLS FOR PAYMENTS**

The board of directors independently decides on calls for payment of the share capital.

Each payment called is accounted to all of the shares of which the shareholder is the owner.

The board of directors can authorise shareholders to pre-pay uncalled capital on their shares; in this case, the board of directors will fix the terms pursuant to which these prepayments will be permitted. The prepayments will qualify as advances.

Any shareholder who, after notice of default given by registered letter, remains in default of payments called, shall, as from the date such payment call was originally payable, pay the company interest at the statutory rate.

The board of directors can, if such failure is not remedied within one month of a second notice, declare the shareholder's rights in respect of such shares forfeited and can cause such shares to be sold, without prejudice to the right to claim from such shareholder any amount that remains outstanding plus such damages and interests as may apply. The sales price of the shares will be based on the (non-consolidated) net equity of the company as shown by the last (non-consolidated) annual financial statements approved by the general shareholders' meeting.

The net proceeds of the sale are accrued to what is owed by the defaulting shareholder owes; the shareholder remains obligated to pay the outstanding balance, or is entitled to the surplus.

The exercise of the voting rights of the shares for which the payments due have not yet been made are suspended as long as these payments, validly called and payable, have not been made.

## **10. CAPITAL REDUCTION**

The share capital of the company can be reduced in accordance with the applicable legal provisions.

Dematerialised securities are represented by an entry on an account, in the name of the owner or the holder, with a certified account holder or with a settlement institution. The transfer of dematerialised securities is registered from one account to another.

The register of registered shares and the register of other registered securities, as the case may be, can be kept electronically. All notices, summonses and other communications by the company in relation to such securities will be validly and exclusively done to such person.

The holders of the bare ownership will represent the holders of the usufruct, unless otherwise agreed or provided in the provisions of the deed establishing the usufruct. In the event of a dispute between the holder of the bare ownership and the holder of the usufruct as to the existence or the extent of such agreement or provision, only the holder of the bare ownership will be allowed to participate in the general shareholders' meetings and, if applicable, in the vote.

#### **16. SUCCESSORS IN TITLE AND EXERCISE OF RIGHTS**

The rights and obligations attached to a security follow that security, regardless of whom it is transferred to.

The heirs, the creditors, and/or other beneficiaries of a shareholder cannot, on any grounds whatsoever, interfere with the management of the company, cause seals to be laid on the goods and values of the company, or pursue the liquidation of the company and the distribution of its assets.

The required consent is given if no objection is recorded in the minutes of the meeting.

The general shareholders' meeting can validly deliberate and pass resolutions regardless of the number of shares present or represented, except in cases in which the law requires a specific attendance quorum.

The resolutions of the general shareholders' meeting can be adopted by a simple majority of the votes cast, except in cases in which the law requires a specific majority.

Voting will be by show of hands unless, in view of the number of participants or otherwise, the chairperson of the meeting thinks it preferable to vote by another method, such as voting slips or electronic means.

## **CHAPTER EIGHT: DISSOLUTION - LIQUIDATION**

### **45. DISSOLUTION - LIQUIDATION**

Subject to the relevant legal provisions with respect to dissolution, the company can only be dissolved by a decision of the general shareholders' meeting, deliberating in accordance with the applicable legal provisions.
